

Thornwell
BUILDING TOMORROW'S FAMILIES

Pray with us for Samantha.

“Now to him who is able to do far more abundantly than all that we ask or think, according to the power at work within us, to him be glory in the church and in Christ Jesus throughout all generations, forever and ever.”

Ephesians 3:20-21

16-year-old Samantha

grew up in a confusing and scary environment. Each day, she never knew if there would be food to eat for dinner, electricity, or water for a shower. Her caregiver was on the run, so she moved to a different place and a different school every year.

Today, she has a safe and loving home at Thornwell. She has learned about the welcoming love of Jesus, and she will tell you now that he is her hero. She has learned to have hope and to be kind in all circumstances, even if others are not kind to you. She knows that the only thing that really matters is who God says she is.

Please join us in praying for Samantha, her continued healing, and her growth in faith and relationship with God.

**Name and photo have been changed for her protection.*
