

## WHO WE ARE

Since 1875, Thornwell has been dedicated to helping children and families.

**We are a diverse, non-profit ministry committed to the belief in empowered communities in which all people can experience both life and love in abundance.**

**Your support in 2023 will help us on our mission to prevent child abuse and neglect, build and reunite families, and support healthy communities in the name of Jesus Christ!**

It takes gifts of all sizes to meet the needs of the children and families we serve. Together, we'll make a profound impact through the three services areas of our unique and comprehensive Continuum of Care:

### CARE SERVICES

- Serve children in the legacy residential program who have endured abuse, neglect, or biological/adoptive family crisis.
- License and support more foster families to meet the needs of foster youth across South Carolina.
- Help more young adults navigate school and career challenges through our Transitional Living program.

### FAMILY SERVICES

- Expand the reach and impact of Building Families' in-home family counseling across Florida, Georgia, and South Carolina.
- Give families skills to prevent breakdown through Strengthening Families workshops.

### ACADEMIC SERVICES

- Care for underserved and vulnerable children through Early Head Start and First Steps in infant-4K Child Development Center.
- Ensure year-long academic success through Momentum summer camp and afterschool tutoring.

**91** children placed in loving foster homes, including 16 teens.

**97%** of foster families licensed by Thornwell serve past the 2-year national average.

Avery and Amia are twins who grew up depending on one another. Their childhood was focused on survival. They arrived at Thornwell in “fight or flight mode” and had difficulty connecting with adults, but incredible generosity, just like yours, is helping them heal. **Donor support ensures Avery and Amia's needs are met through a safe, stable home, therapy, and academic support.**

Through caring support in the residential program, the twins' new guardians, their great aunt and uncle, participate in family therapy. Trained professionals are ensuring they can connect as a strong family when ready to leave Thornwell. Success like this is possible because of people like you who care about children.
